EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mark T. Garrett on Wednesday, March 10, 2010.

The application has been amended as follows:

Claim 11. A method for securing a bait station, comprising the steps of:

providing a plastic bait station comprising a lid and a base, the base and lid defining an interior when the lid is closed, and the base having a sidewall with a doorway that leads to the interior, the base also having a closed bottom in which one or more openings are positioned;

providing a receptacle configured to hold weighted material, the receptacle having one or more protrusions respectively configured to extend through the one or more openings in the bottom of the base of the plastic bait station, and the receptacle also having an opening;

placing pre-formed weighted material in the receptacle through the opening of the receptacle;

placing bait designed to kill rodents in the plastic bait station; and

securing the plastic bait station to the receptacle, the securing including causing the one or more protrusions of the receptacle to extend through the one or more openings in the bottom of the base of the plastic bait station.

2. The following is an examiner's statement of reasons for allowance: the prior art of record does not disclose a method for securing a bait station, comprising the steps of providing a receptacle having an opening; placing pre-formed weighted material in the receptacle through the opening of the receptacle; and placing bait designed to kill rodents in the plastic bait station.
